Please enclose a \$35 check made payable to STE Booster Club.

The St. Edward Booster Club exists to provide additional support, both people power and financial, to the excellent athletic and other school based programs offered to young men and women of St. Edward High School. Funding to support athletic department needs is principally grounded in social events, and operating concession sales at sporting events. The proceeds from these activities are used to finance needs in facilities, equipment and activities not available via the Athletic Department budget.
